About our puzzles

Our puzzles are both fun and educational, providing hours of learning and enjoyment for the entire family

Premium Quality

Ever since our inception, we have been committed to delivering puzzles of exceptional quality. Our puzzles are manufactured in Germany, USA or Canada, using first-rate 2 mm European blueboard, innovative **Smart-Cut Technology** and exact puzzle piece fit. Compliant with European EN71 and international Standards, all materials are 100% recyclable, including the recycled cardboard box and biodegradable bag, and are printed with environmentally friendly and non-toxic vegetable-based inks. Our puzzle packaging includes four languages: English, French, Spanish and German.

Unsere Puzzles machen Spaß und schlau und bereiten der Familie stundenlangen Zeitvertreib und Entspannung.

Premium Qualität

Eurographics verspricht von Anfang an herausragende Qualität. Unsere Puzzles werden in Deutschland, USA oder Kanada mit europäischen Blueboard hergestellt und wir benutzen dabei innovative **Smart-Cut Technologie** mit hoher Passgenauigkeit. Sie entsprechen europäischen EN 71 und internationalen Normen. Alle Rohstoffe sind zu 100% recyclebar einschließlich dem Karton und der biologisch abbaubaren Tüte. Alle Bilder werden mit ungiftiger Tinte auf pflanzlicher Basis gedruckt. Unsere Puzzle Verpackung zeigt die Titel in Englisch, Deutsch, Französisch und Spanisch.

• Smart-Cut™ Technology

A cutting-edge manufacturing process creates a multitude of unique and unusual shapes which fit together perfectly. Just like snowflakes, no two pieces are alike. This will make puzzling particularly stimulating.

• Smart-Cut™ Technology

ist ein innovativer Herstellungsprozess, der das Stanzen von einzigartigen Puzzleteilformen mit perfekter Passgenauigkeit erlaubt. Wie bei Schneeflocken gibt es keine zwei Stücke, die gleich sind. Ihr Puzzlehobby wird dadurch noch stimulierender.

IMPORTANT INFO PLEASE READ CAREFULLY

Note on Automotive Trademarks

Over the past few years, EuroGraphics has signed licensing agreements with most American car manufacturers, including Ford, Lincoln, Mercury, Chrysler, Plymouth, Dodge, RAM, Jeep, Chevrolet, Cadillac, GMC, Buick, Oldsmobile and Pontiac; as well as Volkswagen from Germany, Automobili Lamborghini from Italy and Rover, Austin, MG, Austin-Healey, Wolseley and Morris from the UK. Regrettably, most of our competitors are publishing puzzles with car trademarks without legal release. Our licensors are moving forward with steps to have these puzzles removed from the market by sending cease and desist letters to manufacturers as well as distributors and retailers carrying products which infringe upon copyright and trademark laws. In the meantime, at EuroGraphics, we ask our distributors to pay special attention to this matter and support, in all fairness, the legitimacy of our products.
